DESCRIPTION

A modern detached family house of brick and tile construction, together with a similarly built detached garage/workshop. The current owner has added a useful glazed link between the two buildings, creating a practical utility and boot room. The well-planned accommodation includes an entrance hall with cloakroom, a living room with fireplace, and an adjoining garden room, both with doors opening to the garden. There is also a small, separate study and an open-plan kitchen/dining area. Upstairs, the principal bedroom benefits from an en suite shower room, while three further bedrooms are served by a family bathroom. There is a well enclosed and peaceful garden to the rear. The house is discreetly positioned at the end of a small close, which in turn opens onto the road providing easy access to Winchester.

LOCATION

The property is situated in the village of Kings Somborne, which offers everyday facilities including a post office/store, primary school, church and public house. The picturesque town of Stockbridge, traversed by the River Test, is just five minutes away to North, the abbey town of Romsey is approximately seven miles to the South, and the cathedral cities of Salisbury and Winchester are both within a half hour drive. There are also excellent road links to London and the West Country via the M3 and A303 and also to the South Coast.
